9	Attacco per laccio

**INTRODUZIONE**

Vi ringraziamo per aver acquistato questo prodotto frutto di una attenta progettazione e realizzato con materiali di ottima qualità per durare nel tempo offrendo prestazioni di alto livello.

L'apparecchio è composto da una custodia con batteria ricaricabile e display, contenente due piccoli auricolari stereo che si ricaricano ogni volta che vengono riposti nella custodia rimanendo di fatto sempre pronti all'uso.

Il display mostra lo stato di carica sia della custodia che degli auricolari, permettendo di collegare il contenitore ad una presa di ricarica prima che esso sia completamente scarico. Dal display, di tipo touch, è possibile scorrere numerose icone che daranno accesso ad altrettante funzioni utili nell'utilizzo di tutti i giorni.

Le applicazioni spaziano dal calendario alla sveglia, piuttosto che l'equalizzazione del suono e molto altro.

Nelle pagine seguenti sono riportate tutte le funzioni che verranno poi velocemente spiegate una ad una.

Registrate il prodotto su [www.karmaitaliana.it](http://www.karmaitaliana.it) per ricevere avvisi su eventuali aggiornamenti del prodotto.

**RICARICA E SETTAGGI INIZIALI**

Per prima cosa assicuratevi che la custodia sia carica, collegando il cavo in dotazione alla presa (7) da un lato e a una presa USB dall'altro lato. Al primo utilizzo estraete gli auricolari e, se presente, rimuovete dai contatti di ricarica (4) il sottile rivestimento di pellicola protettiva trasparente.

Premete il tasto posteriore (1) per avviare il prodotto. Il display si accenderà e potrete scegliere la schermata di fondo e la lingua desiderata.

Estraete gli auricolari dal contenitore ed effettuate il pairing con il vostro telefono ricercando gli auricolari nel menu bluetooth e selezionadoli. Ogni volta che estrarrete gli auricolari dal case, l'audio del telefono verrà dirottato su di essi dandovi la possibilità di ascoltare musica o rispondere alle chiamate. Sotto al contenitore si trovano un piccolo microfono (6) e un altoparlante (8).

Gli auricolari possiedono un microfono al loro interno ed una zona touch (3) grazie alla quale impartire comandi durante l'utilizzo. Per il settaggio utilizzate il menu "Settaggio tocco".

Il contenitore sul lato contiene un aggancio (9) per cordino di sicurezza.

**APPLICAZIONI**

**FOTOGRAFIA:** Permette di scattarsi un selfie a distanza

**MUSICA:** Mette in play, pausa e consente di cambiare brano

**TROVA LE CUFFIE:** Fa squillare gli auricolari per ritrovarli.

**SELEZIONE MODALITÀ:** Imposta l'audio ottimizzandolo tra musica e giochi

**ASSISTENTE:** Attiva l'assistente vocale del telefono

**TORCIA:** Illumina il display creando una piccola sorgente luminosa

**SETTAGGIO TOCCO:** Imposta come gli auricolari reagiranno ai tocchi

**SVEGLIA:** Imposta una sveglia anche ripetitiva

**EFFETTI SONORI:** Attiva preset con diverse equalizzazioni

**CONTROLLO VIDEO:** Gestisce la riproduzione di un video

**RIDUZIONE RUMORE:** Attiva la riduzione del rumore o modalità trasparenza

**TELEFONO:** fa accedere al registro delle chiamate

**IMPOSTAZIONI:** Permette di settare i parametri di sistema

**COUNTER:** Ad ogni pressione incrementa il contatore.

**GIOCHI:** Il famoso gioco "Bird" per il vostro divertimento

**CALENDARIO:** mostra il calendario mensile e evidenzia la data odierna

**CRONOMETRO:** Prendi il tempo in gare di ogni genere

**CONTO ALLA ROVESCIA:** Scegli il tempo di partenza che scalerà fino a 0.

**ALCUNI SUGGERIMENTI**

• L'immagine di sfondo sia della schermata introduttiva che quella dei menu può essere cambiata. La prima tenedola premuta per qualche istante, la seconda selezionadola dalle impostazioni.

• Se non state ascoltando musica ma le utilizzate per una conversazione telefonica potete anche indossare un solo auricolare lasciando il secondo nella custodia.

• Potrete risvegliare il display in qualsiasi momento aprendo il coperchio oppure premendo il tasto posteriore (1).

• Approfittate dei momenti di non utilizzo per ricaricare la custodia. Gli auricolari saranno sempre carichi e pronti all'uso.

• Questo apparecchio opera con l'ultimo sistema di trasmissione bluetooth 5.4 che garantisce consumi limitati, latenza bassissima e controllo di alcune funzioni dello smartphone. In alcuni casi potrebbe verificarsi fenomeni di incompatibilità specie su modelli di smartphone datati e solo per certe funzioni particolari (assistente vocale, ...).

• In dotazione troverete dei comodi e versatili cappucci in silicone di ricambio.

**CARATTERISTICHE TECNICHE**

Bluetooth	Ver. 5.4	2.4 Ghz
Decodifica audio	SBC, ACC	
Protocolli supportati	A2DP, AVRCP, HFP, HID, AVCTP, AVDTP, SPP	
Raggio operativo	>10m	
Riprod. musica	5-7 ore	
Telefonate	5-7 ore	
Batteria auricolari	37 mAh	
Batteria caricatore	380 mAh	
Tempo di ricarica	1 ora circa	
Presa di ricarica	USB Tipo C	
Dimensioni totali	60 x 43 x 23 mm	
Peso totale	56 gr	

**Precauzioni ed avvertenze**  
Leggete con attenzione le istruzioni riportate su questo manuale e conservatelo. Non smontate il dispositivo e non apportate modifiche. Non esponete il prodotto a temperature elevate (oltre i 40°), pioggia o umidità. Trattate il prodotto e i suoi comandi con la dovuta delicatezza, evitando vibrazioni, cadute o colpi. Non tentate di riparare il prodotto per conto vostro, ma rivolgetevi all'assistenza autorizzata. Per la pulizia del prodotto usate esclusivamente un panno asciutto o leggermente umido, evitando solventi o detersivi di qualsiasi genere. Per evitare possibili danni all'udito, limitare il tempo di ascolto a volumi elevati.

**Conformità, garanzia e assistenza**  
Il marchio CE indica che il prodotto è conforme ai requisiti essenziali delle direttive europee e relative norme ad esso applicabili. Il prodotto è coperto da garanzia in base alle vigenti normative nazionali ed Europee. Per le condizioni complete di garanzia e per effettuare richieste di assistenza visitate il sito internet [www.karmaitaliana.it](http://www.karmaitaliana.it).

**AVVERTENZE:**  
Il prodotto è alimentato da batterie ricaricabili al litio. Non rimuovere o aprire. Per evitare rischio di incendi o esplosione non esporre le batterie a fiamme, calore, umidità.

Lo smaltimento del prodotto deve essere effettuato conferendolo ad un apposito centro di raccolta differenziata (Dir. 2012/19/UE).

### INTRODUCTION

We thank you for purchasing this product which is the result of a careful planning and is manufactured with high quality materials to last over time, offering an excellent performance.

The device is composed of a case with rechargeable battery and display, containing a pair of stereo earbuds, which are recharged each time they are placed into the case, in order to be always ready for use.

The display shows the charging status both of the case and of the earbuds, allowing to connect the case to a charging socket before its battery gets completely empty. From the touch display you can scroll through several icons, to access many useful function for everyday use.

The applications range from the calendar to the alarm clock, as well as sound equalization and much more.

The following pages contain all the functions which will then be shortly explained one by one.

Register the product on [www.karmaitaliana.it](http://www.karmaitaliana.it) to receive notifications of available updates.

### RECHARGE AND STARTING SETTINGS

First of all make sure that the case is charged, by connecting the included cable to the socket (7) on one side and to a USB socket on the other side. Before first use, take the earphones out of the case and, if present, remove the thin transparent protective film from the charging contacts (4).

Press the key on the back side (1) to turn on the device. The display will light up and you will be able to select the background screen and the desired language.

After you have extracted the earbuds from the case, search for them in your smartphone's bluetooth menu and select them to pair the two devices. Each time you remove the earbuds from the case the smartphone audio will be sent to them, allowing you to listen to music or to answer calls. On the bottom of the case there are a small microphone (6) and a loudspeaker (8).

The earbuds are endowed with a built-in microphone and a touch area (3) to control them during use. For setting use the "Touch setting" menu.

On one side the case features an attachment (9) for safety lanyard.

### APPLICATIONS

**PHOTO:** To take a selfie from a distance

**MUSIC :** To play, pause and change track.

**FIND EARBUDS:** The earbuds will beep to be found

**AUDIO MODE:** Set audio, choosing between music and game mode

**ASSISTANT:** To activate the phone's voice assistant

**TORCH:** To light up the display creating a small light source

**TOUCH SETTING:** To set how the earbuds will be controlled by touches

**ALARM CLOCK:** To set an alarm clock (also repeated)

**SOUND EFFECTS:** To activate presets, also with different equalizations

**VIDEO CONTROL:** To control a video playback

**NOISE REDUCTION :** To activate noise reduction or transparent mode

**PHONE :** to enter the call log

**SETTINGS:** To adjust the system's settings

**COUNTER:** At each press the value is increased

**GAMES:** The popular "Bird" game for your fun

**CALENDAR:** Shows the monthly calendar and highlights today's date

**STOPWATCH :** To time any kind of race

**COUNTDOWN:** Choose the starting time to go backwards to 0.

### SOME SUGGESTIONS

- To change the background picture of the starting screen press and hold on it for some seconds. To change the picture of the menu screen select it from the settings.

- If you are not listening to music, but your using them for a phone call, you can also wear just one earpiece, leaving the other in the case.

- You can exit the display sleep mode when desired, by opening the cover or by pressing the button (1) on the back.

- When you are not using the earbuds recharge the case. In this way they will be always charged and ready for use.

- This device operates with the latest Bluetooth 5.4 transmission system, offering limited consumption, very low latency and control of some smartphone function. In some cases there could be incompatibility with other devices, above all with old models of smartphones and only for some particular functions (such as voice assistant ...)

- Included you will find some practical and versatile spare silicone tips.

### TECHNICAL SPECIFICATIONS

Bluetooth	Ver. 5.4 2.4 Ghz
Audio standard	SBC, ACC
Supported profiles	A2DP, AVRCP, HFP, HID, AVCTP, AVDTP, SPP
Operating range	> 10m
Playback duration	5-7 ore
Calls duration	5-7 ore
Earbuds battery	37 mAh
Case battery	380 mAh
Charging time	Around 1 hour
Charging socket	USB Type-C
Total dimensions	60 x 43 x 23 mm
Total weight	56 gr

### CAUTIONS AND WARNINGS

- Read carefully the instructions contained in this manual and keep it for future reference. Do not open or take apart the device and don't make changes to it. Don't expose the product to high temperatures (above 40°), rain or humidity. Use the product and its controls with due accuracy, avoiding falls, vibrations or impacts. Never try to repair it by yourself, but contact the authorized technical service center. To clean the product, use only a dry or slightly damp cloth, avoiding solvents or detergents of any kind. To prevent possible hearing damage, do not listen at high volume levels for long periods.

- The CE brand indicates that the product complies with the essential requirements of the applicable European directives and related standards. The fixture is covered by warranty according to the current national and European regulations. For complete warranty conditions and for technical service requests visit the website [www.karmaitaliana.it](http://www.karmaitaliana.it).

- The product is powered by rechargeable lithium batteries. Do not remove or open. To avoid the risk of fire or explosion, do not expose the batteries to flames, heat and humidity.

- The disposal of the product must be carried out by conferring it to a special separate collection center (Dir. 2012/19 / EU).

The manufacturer, in order to improve its products, reserves the right to modify their characteristics whether technical or aesthetic, at any time and without notice.
