### LN 40W

#### 120 cm UV tube with tube holder

The 120 cm hose is contained in the pipe holder that can be installed on the wall or ceiling in a few minutes. It has a power button, although we suggest connecting it directly to external push-button panels to be able to activate the effect at the desired time, directly from the lighting control desk.

The light generated makes white objects fluoresce, making them stand out in the dark. The scenic effect is guaranteed
