SET 7620

Dual handheld UHF wireless microphone

Professional UHF wireless microphone, including a receiver and two handheld transmitters. 100 channels available. The display on the receiver shows all operating information. Frequency pairing can be made in a few seconds, thanks to the infrared sensor. The wireless microphone operates in UHF band with special filters that eliminate interferences. The transmitters are also endowed with display, where you can view for example the charging status of the batteries (2 x 1,5V).
