SUB 3115A

400W active subwoofer

Excellent for use in combination with speakers to enhance mid-high frequencies. SUB 3115A, thanks to its 15" woofer and the powerful amplifier, can support a maximum power of 400W. The amplifier comes with balanced and unbalanced connections for a line signal. The output, with XLR sockets, has independent volume control. It is also endowed with phase and crossover control.
