### AMP 600

#### 2 x 600W stereo amplifier

Powerful and reliable, it can be mounted in a standard 19" rack. The back panel comes with input and output connectors, but also limiter, ground and mode selectors, which are to be set during installation. It is suitable to control 2 to 4 passive speakers, even of high power. Fully made of metal, it is fundamental in any audio system.

|                       |                           |
|-----------------------|---------------------------|
| 4 Ohm max power       | 2 x 1200W                 |
| 8 Ohm max power       | 2 x 600W                  |
| Max bridge mode power | 1100 W                    |
| Input connectors      | XLR + jack 6,3mm          |
| Output connectors     | Speakon + red/black wires |
| Rack space            | 2U                        |
| Cooling fan           | 1 fan                     |
| Display               | No                        |
| Frequency response    | 20 Hz - 20 Khz            |
| VU METERS             | No                        |
| RMS power             | 2 x 300W                  |
| SD player             | Not present               |
| 2 Ohm supported       | No                        |
| Max power             | 2 x 400W                  |
| Bridge function       | Yes                       |
| Color                 | Black and grey            |
| Weight                | 10,5                      |
| Product dimensions    | 482 x 320 x 88 mm         |
| Power supply          | 220V                      |
