SCHEDA TECNICA / TECHNICAL SHEET

## BX 7415A

450W powered speaker

AB class powered speaker with a maximum power of 450W and double circuit to amplify a passive box at the same power. It is in fact endowed with a speakon OUT socket. It also includes a particular MP3 module, allowing to play tracks also via bluetooth, as well as from SD cards or USB keys. Thanks to the report button you can transfer what you have amplified directly on your memory device. You can operate from a distance using the practical remote control. The 5-band equalizer allows to set correctly every kind of sound. The integrated TWS function offers the possibility to play music via bluetooth from smartphone on two active speakers of the same series simultaneously.
