The large metal grill hides a powerful 12 "woofer and a 2" tweeter; the speaker produces a maximum power of 360W with the possibility of amplifying a passive box of the same type (TIGER 12). The rear panel comes with connectors for a microphone signal and a line signal and with the output socket for a further amplified speaker, besides the passive one.

It is able to play Mp3 songs via USB sticks or SD cards and to receive music from smartphones and tablets, thanks to the built-in bluetooth receiver. Through the integrated TWS function you can play music from your smartphone on 2 active speakers of the same series simultaneously via bluetooth.

The 5-band equalizer allows you to adjust correctly every type of sound.

It has dual infrared sensor for the remote control.

Line inputs	1
Mic inputs	1
Mp3 player	USB/ SD for MP3
Kind of speaker	Amplified
Mounting hole for stand	Yes
Tweeter Dimensions	2"
Woofer dimension	12" (30cm)
Impedance	8 Ohm
Handles	Yes
Wheels	Yes
Material	Plastic (ABS)
Frequency response	20 Hz - 20 KHz
RMS power	180 W
SD player	Yes, included
REC function	No
Max power	360 W
Bluetooth	yes
Radio	No
Magnet	40 Oz
Remote control	Included
Battery type	No battery
TWS function	Yes
Color	Black
Weight	10,6
Product dimensions	365 x 575 x 315 mm
Power supply	110V - 220V
Notes	5-band equalizer
