

PAA 30WIFI

2x30W mini stereo wi-fi amplifier

This small amplifier can be connected to 2 x 8 Ohm 30W speakers and controlled from remote via app thanks to the built-in wi-fi interface. It is provided with a USB/micro SD socket to read MP3 tracks and a with 3.5mm socket to connect external equipment. It is powered by a small transformer included in the package. It can be positioned anywhere and it represents a valid solution for the sound amplification in small rooms such as bedrooms, shops, waiting rooms etc. The application (MUZO) is freely downloadable in android and IOS versions.
