BM 539

Portable voice amplifier with headset

Compact and lightweight, but extremely powerful. It can be fastened to the belt or worn thanks to the included strap. It is rechargeable and offers an autonomy of up to 5 hours. Just plug the wired headset microphone into the socket to make it ready for use. It is endowed with volume control and USB / microSD player for MP3 tracks.

Ideal for teachers, coaches, tour guides, conferences and for anybody necessitating of a small and performant device to amplify his voice. The built-in battery can be recharged via USB (cable included) or power adaptor (not included). It is recommended to use a 5V - 1A power source.
