HPT LT

Earphones with lightning connector

An innovative solution going beyond the traditional earphones: it is compatible with the traditional Apple connector, but operates through the bluetooth transmission. It doesn't need recharge and can be paired in a few instants. Pop-up window supported for the first connection. When using them you will immediately notice the difference from common earphones. The quality of music and voice playback is excellent. Thanks to the volume control and the call key it is perfect to be used in any condition. It is sold in a 10 unit carton and it can be inserted into the specific counter display for shops (ESP HPT).

Plug	Lightning
