DMC 943

Zoom microphone with dual capsule

Supplied in a practical padded case, for easy carriage, this is a professional zoom condenser microphone designed to pick up voice from a distance. Ideal for conferences, radios, meetings or other situations where the speaker is distant from the microphone.

It features 2 microphone capsules: a wide-range one and an ultra-directional one. By means of the specific switch it is possible to select the one you need to use.

The packaging also includes a windscreen sponge, two microphone holders for stands or cameras and a 8m XLR F/XLR M cable.

It can be powered by an ordinary AA battery or with + 48V phantom power, by connecting it to a mixer or an amplifier by means of the included XLR cable.
