RDM CL143

Antenna cable M90 / M90 3mt black

Standard antenna cable designed for connecting TVs, set-top boxes or other video equipment.

It is equipped with a male and female connector but the package includes an M/M adapter to adapt to any use.

The connectors are angled at 90 degrees for minimum bulk once inserted into the fixture.

The black cable is 3m long and thanks to the heat-sealed connectors, it is flexible but robust.
