### VLOGGER 1LT

#### Wireless microphone for vloggers - Lightning

Indispensable for those who shoot and interview via iPhone or iPad. It consists of a small transmitting wireless microphone and an equally small receiver to be connected to your device lightning socket.

Transmitter and receiver are contained in a case that recharges them. Once extracted, they match automatically and are immediately ready for use. The operating range is over 200m and the autonomy of a single charge is 4.5 hours. Thanks to the battery of the case, the total autonomy is over 30 hours!

The microphone can be placed onto jackets and shirts thanks to their clip. Its weight is 8.2 g only and it is equipped with smart background noise suppression circuit.
