### HAPPY 60

#### Light effect with tripod stand

Very practical light effect, with an extraordinary performance despite its small size. It is composed of a tripod stand and a led bar with 4 RGB led spots, for a total of 28 leds. You just have to connect the power cable to an electrical outlet and click on the rear button to turn on the fixture. The available operating modes are: auto or sound activation. It is also possible to adjust several settings, such as colour, speed etc...by using the included remote control.

Number of leds	from 10 to 29 leds
