#### Light effect with tripod stand

Very practical light effect, with an extraordinary performance despite its small size. It is composed of a tripod stand and a led bar with 2 RGB led spots and two ball light effects. It includes a total of 17 leds (14x 1W + 3 x 3W). You just have to connect the power cable to an electrical outlet and click on the rear button to turn on the fixture. The available operating modes are: auto or sound activation. It is also possible to adjust several settings, such as colour, speed etc...by using the included remote control.
