

## **PM 3**

**Desk microphone** 

This multizone microphone was designed to operate in combination with the amplifiers models PAA 2240 and PAA 2480.

No external PSU is requested because it takes the necessary power directly from the amplifier to which it is connected. The maximum distance between amplifier and microphone (by using a CAT 6 cable) is 200m.

It can send messages to one or all the zones. It is equipped with 3,5mm socket for external sources to be sent to one or all the zones directly from the microphone.
