SNG N

Karaoke microphone with light effects - color black

Extraordinary microphone, ideal to animate your parties with friends and have fun singing your favourite songs. It can be connected to a smartphone or tablet via bluetooth to receive music from your favorite apps. You just have to sing and your voice will be mixed with the music and amplified by the microphone. Some keys on the microphone allow you to adjust the volume level, activate the echo function, choose the desired light effect or turn it off.

It also features a voice-changer that will modify your voice in real time with funny effects. On the bottom it is equipped with a microSD slot, a headphone socket and a USB Type-C socket. This Type-C socket can be used to recharge the internal battery and to connect compatible smartphones, where the audio signal will be sent, to be recorded for example by means of specific apps.

Whether you are alone or in company, this microphone will amaze you, making the most boring of evenings extraordinary.

Optional spare sponges SNG SPN (black) and SNG SPA (blue color).
