### CRG WF

#### Alarm clock with wireless charger

Alarm clock with large display showing date, time and temperature. It is possible to adjust the brightness of the display on several levels and set 2 different alarms. You can place your smartphone on the front surface to recharge it wirelessly with a power of 15W. On one side it features a USB socket useful for charging smartphones or other devices by means of a cable. A backup battery keeps the settings memory in case of power failure.

Ideal for use on desks or bedside tables, at home, in the office.. anywhere!
