200W rechargeable speaker with dual wireless microphone

Powered speaker with dual VHF microphone and priority function. It features a 12" woofer and an amplifier capable of producing a maximum power of 160W. It is equipped with a 5 band equalizer and a bluetooth module to play songs from smartphones or tablets. Thanks to the trolley system it can be easily carried, while the hole on the bottom makes it suitable for mounting on stands.

It is possible to connect a wired microphone, a music instrument and an external line signal. The rechargeable battery offers 4 hours of autonomy. The included remote is useful to control the multimedia player from a distance. It can be recharged by connecting it to a domestic power outlet or to the 12V car battery.
