Pair of ceiling speakers suitable for use in combination with the FREEDOM X transmitter. It offers an excellent acoustic performance with a power of about 60W per speaker.

The first speaker is amplified and is able to receive the signal. The second speaker is passive and will be amplified by the first speaker.

The range is about 30mt and operates in 2.4Ghz for maximum performance. Settable on 4 different channels, they are a valid solution for all those situations where you want to avoid pulling cables.
