## GT 1227LI

25W megaphone with siren, whistle and rechargeable battery

This solid and practical megaphone is ideal for sport events, tourist guides, emergency and rescue operators. It is built with anti shock material and is endowed with external rubber protection. It includes a 25W powerful amplifier.

Volume can be adjusted by means of a specific control with a maximum operating range of around 800 m in normal conditions.

The siren and the whistle, which can be activated at will, are useful means to catch the listener's attention.

It can be powered either by ordinary alkaline batteries (not included) and by a built-in rechargeable lithium battery pack. To recharge you just have insert the battery block into a common power outlet.

<b>Max power</b>	25W
