SET 8300

UHF handheld wireless microphone

Compact and efficient wireless microphone with single handheld transmitter. It features 48 channels to operate in any condition. It covers a range of 50m with very good audio performance both for speech and for song. The receiver base features both a balanced XLR socket and a 6,3mm mixed socket. It can be powered from an ordinary USB socket and comes with a wide display showing all main information. Thanks to the easy change system it is possible to change the channel directly from the microphone. The transmitter is powered by 2 AA batteries (not included).
