100W amplified speaker with 2 microphones

Amplified loudspeaker with double handheld wireless microphone operating in the VHF band. Also powered by internal rechargeable battery that ensures an autonomy of more than 5 hours. The practical remote control allows you to control it from a distance and play Mp3 songs from USB keys or SD cards. The control panel is in fact endowed with these sockets in addition to volume, echo, tone, priority controls. The bluetooth circuit allows to play tracks from smartphones and tablets.

It can be easily carried thanks to the wheels and the trolley handle. The quality of reproduction is one of its outstanding features.

Available in two different pairs of frequencies: 209.95 / 213.55 or 212.35 -215.95 Mhz

Kind of speaker	Amplified
Tweeter Dimensions	1"
